Political forum attendance low

BY JACQUI COCHRAN Opportunity once again knocked for Hancock residents to see and hear their candidates for Tuesday's general election

during a Tuesday night forum at the county Civic Center. Each candidate was given five minutes to state his platform prior to a question-andanswer opportunity.

Those five minutes were not enough for some and too much for others.

In the state Senate race (District 46) incumbent Democrat Vic Franckiewicz spoke of the necessity for structural changes

at the state level. He advocated the need for a new state constitution; the need for initiative and referendum; the need for governmental reorganization; the need for tax reform; and the need to "get education reform back on track

in a way so that a steady, stable source of funding can provide a sense of guidance for education

Franckiewicz said, "What makes a difference at the state level is effectiveness.

"The legislature does not work by staking out positions, ideologies or ideas. It works by hard work, sweating out the details, working through the legislation, developing com-promises and pushing it through in procedure."

He concluded with a review of his record in the state Senate. James Overstreet, the Republican candidate for District 46, stressed the need for "a state senator affiliated with conservative Republicans, not liberal Demorcats like Jesse Jackson and Michael Dukakis."

Smith: Not enough Republican poll workers

BY TRACI BONNEY Members of the Hancock County Republican party are

crying foul. Party chairman Mike Smith said that from 56 Republican poll worker nominees, only 13 were listed to work in the county's 28 precincts during the November 5 general election.

"We made the request for Republican representation at the precincts for the general election back in July. We submitted a nominee list in August, then revised that list after the primaries.

We submitted a final list. with two poll worker nominees for each precinct, about two

He explained that the Republican party wanted one rep-

resentative at each precinct to help ensure the integrity of the vote and the ballot during the election and while the ballot boxes are being moved to the courthouse after the polls close.

Smith claims he was told several times by members of the county election commission that there was one poll worker from his list in each precinct. After the election commis-

sion released its final list, Smith added, he was then told that the commissioners felt obligated to continue to use those poll workers who have worked in previous elections.

"I'm not for increasing the cost of the election, but I do think there should be one Republican poll worker at each pre-

Extinguishing the flames

Volunteer firemen from Bayside, East Hancock and Clermont Harbor answered a call for help at 3:30 a.m. Sunday when the home of Randy and Georgia Shoemake caught fire. The house, at 7350 Bayou LaCroix, was unoccupied at the time. Beanie Zoerner of the Bayside Fire Department reported the house was completely consumed by the time the firefighters arrived. "It took about 45 minutes to extinguish what was left," Zoerner said. The county fire marshal is investigating the cause of the fire. (Photo by Thomas "Doc" Toups)

Bay Cove annexation inches forward

BY TRACI BONNEY

The City of Bay St. Louis is carefully moving forward in its quest to annex the Bay Cove-Cedar Point area.

At a workshop Tuesday, the mayor and city council discussed the results of meetings between city attorney John Scafide, Bay Cove Harbour developer Charles Lambert, his attorney Terri Wyly, Bay Cove officer Len Krick and city zoning project manager Jules

Lagarde. Lambert, who has operated a marina at Bay Cove for many years, is proposing to develop

the 330-acre site into a destination resort which would include a dockside gaming vessel, golf course, hotel and other retail establishments, as well as a residential area on the perimeter of the site.

completed in August, and the next step was to address zoning of Bay Cove Harbour. He explained that a residen-

tial zoning with a special use permit was considered at early meetings between zoning con-

"We would hesitate to tell you exactly where the golf course will be ... because a final plan like that is too limiting for what.Mr. Lambert wants to do.

Lagarde opened the workshop by saying that the Cedar Point annexation study was

sultant Peter Hart of Buckhurst Hutton Fish Katz Inc. and the other parties involved in the proposed annexation.

However, Wyly, Lambert and Krick expressed concerns that such a zoning might become too cumbersome and restrictive.

Therefore, Lagarde concluded, the annexation discussions were at a standstill as of the start of the Tuesday workshop.

Scafide pointed out that the city currently has two areas so the concept is not new to the

County considers mosquito control

BY TRACI BONNEY

While nothing is definite yet, Hancock County may go into the mosquito control business.

The board of supervisors met Wednesday morning in a work-shop with Gulf Coast Mosquito Control Commission director Sue Zuhlke. The meeting resulted from the possible withdrawal of Jackson County from the tri-county commission.

Jackson County supervisors threatened to pull out of the

commission after Harrison County supervisors reduced the funds they were giving the commission. Officials in Jackson County have said they think Harrison County should provide another \$50,000 in funds to

the commission, Zuhlke said. If Jackson County withdraws from the 26-year-old commission, she added, Harrison County officials have claimed they will follow suit.

In response to a question

from District 2 supervisor Ronald Cuevas about the commission's current status, Zulhke said the funds available now, if Harrison County produces the nearly \$17,000 it still owes, will allow the commission to operate through the end of December and pay the employees through the 10th of that month. She added that the

Scafide explained that Lambert had said he was not comfortable with the subdivision review process being used since he has ideas, but not concrete plans, for the locations of the various facilities at Bay Cove.

At Scafide's last meeting with Wyly, he said, they discussed an alternative proposed by Hart for use in the city's comprehensive zoning. Hart's proposal would allow a site plan review process in lieu of a subdivision process.

The site plan review wouldnot be as detailed as the subdivision review, but still detailed enough to allow some city control of a proposed use for an area without overly restricting the developer.

Wyly commented that while the site plan review would give Lambert more freedom in his development, it still has some details that may not be applicable to his situation.

She said, "Bay Cove will be an evolving development. As demand is found for facilities they will be planned and built.

they will be planned and built.
"We would hesitate to tell you exactly where the golf course will be, or the 18th hole on the course, because a final plan like that is too limiting for what Mr. Lambert wants to do."

Wyly said Lambert is willing to give the council specifics about his plans for uses on the perimeter of the site, however.

concept" which would allow Lambert to give general locations for facilities on the interior of the site. This would give the council some control in what uses would be located in various spots, without forcing the council to specify exactly which building must go in a certain

"We're definitely willing to cooperate and work with the city on the annexation," Wyly

council member Jim Thriffiley said he sees the annexation of the Cedar Point area as the biggest decision the council has made or will make in this

administration.

He also stressed his concern that the city have some control over how Bay Cove is developed. He asked that Bay Cove officials make two lists of uses for the property—one that the officials plan and want to implement, and one that they will not try to implement.

Krick assured Thriffiley that Bay Cove officials plan to do only what they have specified so

far.

Wyly interjected that while they want to cooperate as much as possible, the "won't" list Thriffiley requested could get

pretty far-fetched. He answered by suggesting that current zoning use lists be consulted to compile the "won't" list.

Mayor Edward Favre pointed out that wholesale listing could become too restrictive, precisely what the council and officials want to avoid.

Some further discussion followed concerning a suggested pre-annexation agreement between the city and Bay Cove officers. This agreement would give both parties some idea of what will and won't be allowed in the development, and what both parties are and aren't willing to do in the annexation.

Scafide said the city needs three things: the Bay Cove officers' suggestions for changes in the site plan review process regulations that Hart proposed; site plan overlays that show through the "bubble concept" Lambert's general ideas for the development; and a rough draft of the pre-annexation agreement between the city and Bay Cove officers.

Before ending the meeting, the council set a workshop for 6 p.m. November 12 to meet with Bay Cove officers again and discuss the documents Scafide requested.

"QUOTABLE QUOTES"

By Ellis C. Cuevas

The Tigers of Bay High are looking good for a playoff spot this week when they take on the Poplarville Hornets in Poplarville.

Bay High is 4-4 for the season and 3-1 in Division 8 Class 3-A, while Poplarville is 4-3 for the season and 3-1 in the same division as the Tigers.

This should be a good game since both teams will be trying to improve their conference standings. Bay High's only conference loss was to East Marion.

Tiger fans got their money's worth last Friday in a defensive struggle, as Bay High had to go into overtime to defeat Perry Central 13-12.

Tiger head mentor Rocky Gaudin will need some exceptional play this week to continue in the win column/to claim a share of the Division 8 Class 3-A title.

I hope to see you at the game. Kickoffs are at 7:30 p.m.

This is just a reminder about the annual Bay Rotary Club's benefit dinner to be held on Friday from 4:30 to 8 p.m. at Christ Episcopal's Virginia Hall, Beach Boulevard, Bay St. Louis.

There will be barbecued chicken with homemade beans and potato salad, mama's garlic bread, and iced tea or coffee, all for a donation of \$5 per plate. Tickets are available at the door, and takeouts will be available.

Proceeds will be used by the Rotary Club for community projects.

I hope to see you at the barbecue dinner.

The Hancock County Lions Club will sponsor a benefit spaghetti dinner on Saturday, Nov. 9, 11 a.m. to 2 p.m. at VFW Post 4808, Lakeshore Drive.

Proceeds from the benefit dinner will be used for the Lions Club's many community projects.

The local Lions Club purchases eye glasses and hearing aides for needy residents.

A donation of only \$3 is being asked, and Lions Club president Lucille Boudreaux said she is hoping there will be a large turnout for the benefit dinner.

Takeouts will be available, and for further informa-

tion call Boudreaux at 467-4974.

I am hoping the benefit dinner will be successful.

Surplus helps law enforcement officers fight 'war on drugs'

The newly formed George and Green County Metro Drug Task Force is blazing a new trail for South Mississippi's drug enforcement officers: Already, the task force has requested and received three camouflage painted, four-wheel-drive pickup trucks as a result of the Department of Defense's Drug Enforcement Policy and Support program enacted early last year.

The task force, directed by George County Sheriff Eugene Howell, Green County Sheriff Tommy Howell, Lucedale Police Chief Doyle Jones and Leaksville Police Chief Bobby Fink, will take full advantage of the off-road vehicles in their continued fight against drugs. The vehicles will definitely be an asset to officers who are required to track drug dealers and hunt for illegal cash crops in rural areas of George and Green County.

This Department of Defense program allows state, county and city drug enforcement agencies first crack at surplus military vehicles and hardware, free of charge, as long as the equipment is used specifically for drug enforcement. The task force was extremely lucky. Within days of the task force's request for off-road vehicles, they were able to locate several trucks in our own back yard.

The vehicles were found at Keesler Air Force Base. Keesler had declared the trucks excess military property and the task force grabbed them. As everyone is aware, local law enforcement agencies are financially strapped and deserve the opportunity to get equipment they could not otherwise afford. These items, like millions of dollars worth of other articles are labeled by the Department of Defense as excess inventory.

The inventory of equipment law enforcement agencies in South Mississippi can obtain from the Department of Defense is overwhelming. Gulfport Police Chief George Payne recently requested and received several dozen camouflage uniforms. The uniforms will be used to outfit Gulfport's drug task force officers.

The program also allows officers to participate in

counter-drug training conducted at the U.S. Army Military Police School located at Fort McClellan, Ala. The Department of Defense has set aside certain funds to provide support to Law Enforcement Agencies in the counter-drug training field.

The training will assist law enforcement officers of South Mississippi who risk their lives fighting the "war on drugs." The benefits our law enforcement officers will receive from this training are tremendous. For all who participate, the training will surely enhance their ability to perform counter-drug operations in a more efficient and safe manner.

With the unprecedented demands federal, state and local governments face in the wake of keeping America's streets drug free, two things remain clear. One inevitable result is that the program allows state, county and municipal law enforcement agencies the opportunity to tap into a resource unavailable to them just two years ago. Another plus, is that the program costs taxpayers absolutely nothing while law enforcement agencies recycle equipment and articles no longer needed by the Department of Defense.

LETTERS TO THE EDITOR

Locate gambling away from beaches

We all appreciate the thorough study of the consultants as to gambling and sites to be recommended. We have been told that it was the responsibility of the Gambling Commission in Jackson to determine the sites for gambling in our city, but they now tell us that this is a decision which we should and must make ourselves.

Therefore, since: Gambling located on the waters of our residential beaches will doubtless subjugate, dominate, and thoroughly change the whole character and life of our beautiful community

from now on, and since: Several thousand visitors a day would clog our narrow streets and Highway 90, and

All seem to acknowledge that gambling breeds crime, lessens our sense of peace, security night and day, especially if it is near where we live, worship, and educate our children. Do we want Bay St. Louis to lead the state in crime? St. Paul said, "The love of money is the root of all evil," and since:

Las Vegas leads the nation in suicides. Do we want Bay St. Louis to lead Mississippi in this category? And since: Las Vegas has located gam-

bling away from its residential areas and Orlando even located Disney World 10 to 15 miles away; and since:

Gambling close to where we live would doubtless continue to divide and embitter our community; and since:

Most of all a majority in Bav St. Louis has voted against gambling. And, now that people know of plans to locate commercial gambling near their homes, a much larger majority would surely disapprove such proposals.

Therefore, for all the above reasons, we pray to God and appeal to our mayor and councilmen who were themselves elected by a majority of us:

Please follow Option D and locate gambling, if we must have it, away from our beautiful residential beaches, including the beach at Highway 90. Thank you sincerely,

Veterinarians object to HCHS 'free shot days'

Dear Editor:

In most established communities across the United States, local veterinarians offer their services free of charge to assist the Humane Society in giving inocculations to the dogs and cats of the truly needy.

For years it has been the dream of the Hancock County Humane Society to participate in such a program. We have been unable to conduct this program as we could not get a local veterinarian to participate.

The reason given for their refusal to cooperate with us was that they felt this charity program would cut into their office practices and take business

away from them. Then last year a new veterinarian came into this area, and without hesitation agreed to

participate. This brought harrassing phone calls to her and to the president of the society at that time. But we went ahead and had our series of "shot Hundreds and hundreds of.

dogs and cats showed up. The amount was literally staggering, and 99.99 percent were dogs and cats that had never, for any reason, seen the inside of a veterinarian's office. We did not take business from the vets.

tethering. Some with frayed ropes and some with chains that were heavy enough to hold a battleship in the North Sea. But we felt so grateful to the owners who brought them. It. was not a question of caring enough to get the shots, but rather one of financial

impossibility. The results of our last year's inocculation program was that many dogs did not get the dreadfully painful and usually fatal diseases of parvo, distemper, etc. And there were some dogs that did, for whatever reason, bite someone during the

Because they had rabies vaccinations, they were saved from incarceration and perhaps Note: Not all dogs bite because they are "bad." Most dogs bite because of human provocation.

The local vets have their clients call us for financial assistance with paying for treatment in their offices. We are the biggest client the Hancock veterinarians have.

We spend thousands of dollars every year that goes directly into their pocketbooks, and for every dollar we assist with, many more are paid by the owners of these animals that we send to the vets. The Humane Society receives no "frequent flyer" discounts. We pay the public price. We feel that any veterinarian

who participates in our vaccination program will increase their clientele. People who would think it strange to have their pet professionally treated would have now made contact with someone who knew, instead of guessed, what waswrong with their animals. Any considerations given to the Humane Society would also be tax-deductible. We hope to continue this

program every year. We also hope to see all the county vets participating, not just one.

We must also thank all the citizens of Hancock County who give us donations. Without them, none of this would be

ate its own mosquito control operation if the commission does dissolve. Zuhlke answered that the board of supervisors. will first need to formally withdraw by resolution from the commission and ask for a pro rata division of assets and liabilities among the three counties.

Next, the board of supervisors will need to set up a county

commissioners.
The third step will be to establish funding. Board attorney Gerald Gex said this can be done by simply changing the appropriate line items on the county budget, earmarking them for a "Hancock County Mosquito Control Commission" instead of the Gulf Coast

commission. Then the county would need to draft an operation plan for the county commission and send it to the State Board of Health. Once the board acknowledges the plan, the county can begin its own mosquito control.

The last thing Zuhlke said the county needs to do is to make sure the operation manager is state-certified in public health pest control so he can legally handle the chemicals used to control the mosquitoes.

Zuhlke and the board discussed other nuts-and-bolts details of starting and maintaining a county mosquito control operation, and she suggested the county have its commission organized and ready to

go by January 1, 1992. Meanwhile, Jackson County supervisors plan to meet today to discuss their options, Zulhke said, and Harrison County's next supervisor meeting is Monday.

Leadership Record

✓ HIGH SCHOOL LEADERSHIP

Sheriff Peterson, at Bay St. Louis High School, was elected by his classmates, president of his class all four years. He was also captain of the football, basketball and baseball teams in his senior year, and upon graduation, received the Most Outstanding Athlete Award.

✔ COLLEGE LEADERSHIP

At Pearl River Junior College, Sheriff Peterson was chosen a monitor in charge of his dormitory.

✓ MILITARY LEADERSHIP

Sheriff Peterson served four years in the United States Marine Corps and is a Vietnam veteran. In December 1965, Sheriff Peterson, then a squad leader serving in Victnam, guided a squad of Marines deep into the jungles of Vietnam on a reconnaissance patrol to gather information about enemy activity. Under extremely hazardous conditions and enemy fire, Sheriff Peterson accomplished his mission and was meritoriously promoted to the rank of Sergeant. He received numerous military medals and upon completion of his military service, he received an honorable. discharge and was highly recommended for re-enlistment.

✓ LAW ENFORCEMENT LEADERSHIP

•Sheriff Peterson has been serving as your Sheriff for the last 12 years. Prior to that, he was a Narcotics Investigator, Chief Investigator, and Chief Deputy. He has 20 continuous years service at the Hancock County Sheriff's Department. During Sheriff Peterson's administration, more criminal indictments have been returned in the history of Hancock County. Of the Grand Jury indictments returned, Sheriff Peterson's office has an unbelievable 99% conviction rate.

•Sheriff Peterson has an extensive background in Narcotic Investigation and will continue to focus his leadership toward the drug problem in Hancock County. He has participated in over 1400 drugrelated operations that resulted in hundreds of arrests and convictions. During these undercover operations, large seizures of money, cars and assets were taken from the drug dealers. The Sheriff's Department can now purchase two police vehicles a year from money (confiscated) from drug dealers on the interest alone, while the principal of \$250,000 stays intact in a local bank. This results in a savings to the taxpayer. The Hancock County Metro Drug Task Force, in existence for two years, is now continuing the task of fighting drugs in the county.

•Sheriff Peterson was instrumental in geting the new Hancock County Criminal Justice Facility with the help of the voting public. The new facility is now operating efficiently, and very businesslike. By housing federal inmates, an income of over \$500,000 a year is paid to Hancock County, that makes the jail self-supporting. A county-inmate work program has also been implemented. Prisoners are now working at a county farm to raise vegetables to cut costs on the food bill at the new facility. This also results in a savings to the taxpayer.

•Sheriff Peterson is instrumental in leading murder investigations that occurred in Hancock County. Since he was elected Sheriff, Hancock County, has a excellent record for solving these violent type crimes. By solving these crimes, the murder rate has dropped tremendously in Hancock

. Sheriff Peterson is a leader in all types of modern law enforcement techniques. He is a graduate of the Mississippi Law Enforcement Officers Training Academy basic police class. He graduated from the Law Enforcement Academy's investigation class. He is a graduate of the University of Mississippi's narcotic class and attended numerous law enforcement seminars throughout the state. He is a member of the Mississippi Sheriffs' Association and National Sheriffs' Association.

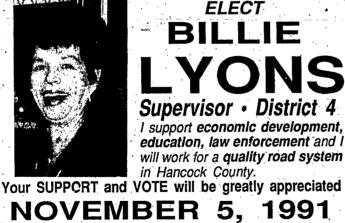

•Sheriff Peterson is an experienced Sheriff you can talk to. He will continue to maintain an "open door" policy at the Sheriff's Department. His slogan has always been "don't ever reach so high that you would forget those who helped you get there."

★We need a Republican State Senator who will actively oppose the style of the liberal Jackson/Dukakis Democratic party that we have here

★The ridiculous split of the Diamondhead voting precinct is proof that drastic reforms are needed in County Government. *First of all, we need guidelines on how supervisors draw beat

lines...Hancock beat lines are a good example. ★County beats should not overlap incorporated cities: the redundancy has got to go. We need to work to reduce the number of county beats wherever possible.

★City residents should not pay county taxes and city taxes. ★City Annexation bids should require that free elections be held in the proposed annexed area like is required in other states.

★We need a state senator who will fight to reduce to size of the State House and Senate and draw district lines at city and county lines instead of the present gerrymandered method we have now.

*I would like to thank my Democratic opponent for agreeing to appear with me on the numerous political forums we have already had in the past, and also those to come in the near future.

★We need more support for the legitimate family unit instead of supporting anti-family welfare breeding programs. *Reform education by eliminating state and federal controls over local

school districts. This will eliminate the outrageous administration ★And to remember on Nov. 5th to vote.

DISTRICT ATTORNEY He'll make a difference.

Harold Grissom knows that the District Attorney's office is of utmost importance to the citizens of Harrison, Hancock and Stone counties.

He believes that all criminals should be held accountable for crimes and the rights of victims should be vigorously protected.

Presently the District Attorney's office has:

No policy on drug dealers serving jail time. Allowing them to continue selling drugs on our streets.

Plea bargains with habitual criminals. Allowing convicts with at least two felony convictions to be released 75% sooner than allowed by law.

Dismissed one-third (%) of all felony charges and others reduced to lesser charges carrying lesser penalties.

Had numerous cases dismissed for unexcused delays in prosecution.

As your District Attorney HAROLD GRISSOM will:

Push to see that all drug dealers do

Stop plea bargains with habitual offenders requiring them to serve maximum prison sentences without

Stop the systematic dismissal and reduction of criminal charges.

Organize the District Attorney's office - and will be a working District Attorney.

It's time that we put criminals in their place, not back on our streets!

Bay Fire Dept. offers fire safety instruction

BY JANET MCQUEEN The Bay St. Louis Fire

Department observed Fire Prevention Month with a series of educational presentations at all local public and private schools and pre-schools.

According to Chief Andrew Lizana, 1,170 students and 176 pre-schoolers were reached through the department's fire. safety programs.

Fire prevention coordinator and firefighter Gayle Roy said the main focus in the early grades is to familiarize children with the protective gear worn

Roy is facilitator of the program, while one of the department's firefighters serves as a model. "We don't want children to be afraid of the masks and gear firemen wear," said Roy.

A fire truck is brought on site whenever possible, and the hoses are demonstrated. Groups are welcome to tour the

fire station with advance notice. Firefighter Louis Prendergast offers CPR instruction. Approximately 207 persons

cinct." he reiterated.

District 2 election commisioner Sandra Garber said she tried to use the Republican list in selecting her poll workers, but also felt she needed to choose those workers who had proven most reliable in past elections.

She also pointed out that some of the Republican poll workers in the primaries actually aren't Republicans. Garber added, "If I can get in

touch with them (the nominees in the precincts she is responsible for, that don't currently. have Republican poll workers), I will add them on."

District 1 commissioner Jimmy Ladner, when told that only 12 of the 28 precincts listed Republicans, said that he recommended Republican poll workers for all five of his precincts. None of them were on the list submitted to The Sea Coast Echo by election commission secretary Betsy Nolan for publication.

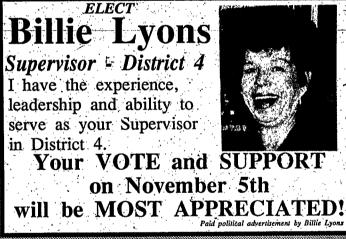

The list submitted for publication has Republicans in Leetown, Catahoula, Waveland West, Standard, Diamondhead East, Kiln West, West Shore-line Park, City Hall, South Bay, Central School Edwardsville and Diamondhead West, according to Smith.

Ladner said his list included: Ansley — June Crider and Dana Evans; Lakeshore -Hazel White and Metrie Heartly; Clermont Harbor - Katherine Lachance and Brookie Highlands; Arlington - John Perkins Sr.; Waveland East -Lorine Palmer and Rosemary

Bacigalupi. District 5 commissioner Keith Hoda said only one Republican was omitted from his list. Of eight precincts, he recommended Republicans for four. Of the four he recommended. Martha Amacker was not included in the Courthouse precinct list.

Nolan and Jean Dorsey, commissioners for Districts 3 and 4, could not be reached for comment by press time.

Ray Murphy - R

Ray Murphy, 36, of Bay St. Louis is a professional police officer. He has a bachelor of science degree in criminal justice from the University of Southern Mississippi, and is a Roman.

A. My level of education, experience as a former chief of police and professional police officer with 16 years of service far outwieghs my opponent's. In this high-tech time and ever-changing criminal justice system, I propose to bring Hancock law enforcement into the 21st century (and operate) a sheriff's department Hancock County residents can be proud of.

B. Serious drug problem; gambling; no service to rural communities; incompetent management which leads to uneducated, poorly trained, underpaid and understaffed deputies.

Hancock County is one of the fastest growing counties in Mississippi. We must solve the many current problems and prepare now for the fine future which awaits us.

I will work to make these problems priorities .

Economic Development and Job Creation - We cannot stand higher taxes. To provide our needed services, we must increase the tax base through industrial development and job creation. We must stop waste in spending and take advantage of more state and federal

Gravel Streets and Roads to be built up where needed and paved. Maintenance cost on gravel streets and roads over a period of five to ten years would pay for modern pavement if done now.

Drainage - A major drainage plan was developed for the Board of Supervisors in 1983 that would solve local drainage problems, stop infiltration in the sewage system and prevent damage to streets and roads. The Board of Supervisors never acted to implement this

Waste Disposal - The 1992 budget for waste disposal alone is \$452,000. This amount includes subsidies to commercial garbage collectors, trash haulers, Bay St. Louis and Waveland. The cost per household county wide of your tax is \$3.80 per month and still no curbside garbage service in rural areas, I will propose and work for county wide garbage pick up at each home.

Law and Order - We must have better paid, well-trained law officers and the equipment to get the job done. The Sheriff's Department. should be adequately funded at all times.

STATE SENATOR **DISTRICT 46**

Friends,

Thank you for your support in the September 17 primary. Over the last 16 years, including 2 years as your Senator, I have worked at all levels of government across the Coast. This background has helped me deal with the problems of our state, such as initiative and referendum, economic development, and education. I've worked with the people of Hancock County, and with citizens across the Coast, and I share the problems common to all of us.

Please vote on NOVEMBER 5th. I'll give you a voice in the legislature that you can be proud of.

(Call 467-2399 for a ride to the polls.)

SHOPPING UP A STORM

By Katy McGuire Caire

Have you picked your pumpkin yet at the markets for that Hallowe'en Jack-o-Lantern? No cause to worry if you haven't; there's a plentiful supply awaiting your choice at our area supermarkets and farmers' markets.

And, as we all know, pumpkins aren't just for carving and

decorating for the Hallowe'en celebration. Like other winter squash, they may be cooked and enjoyed in a variety of ways; simply cooked down or sauteed, mashed or baked or combined with other vegetables. A favorite with cooks in the Piedmont of Virginia and North Carolina is pumpkin soup. Some cooks

like the added touch of serving the soup in the hollowed out pumpkin shell!

An old Creole favorite was, and still is:

PUMPKIN PECAN PIE 3 eggs

mashed cooked pumpkin

1 cup sugar

1/2 cup corn syrup (dark is preferred)

1 tsp. vanilla

1/2 tsp. cinnamon 1/4 tsp. salt

1 (9-inch) pastry shell (your own "making" or from the store) cup chopped pecans

Whipped cream (optional) First, beat the eggs slightly in a mixing bowl, then add the pumpkin, sugar, corn syrup, vanilla, cinnamon and salt. Mix very well, then pour the mix-ture into the pie shell. Sprinkle

the pecans over the top.

Bake for approximately 40 minutes in a pre-heated 350-degree oven. Test by inserting a knife halfway between the center and the edge. If the knife comes out clean, the pie is done. When the pie is done, chill, Delicious when topped with a little whipped cream!—from Leon Soniat's La Bouche Creole" cookbook, Pelican Publishing Co., Gretna, La.

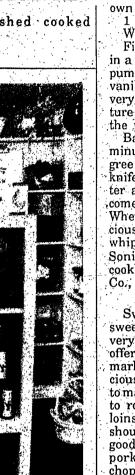

Sweet potatoes, and those sweet yams, make up into a very good pie as well and are offered at good prices in our markets. They also are a delicious and tasty accompaniment to many pork dishes, from chops

sirloin tips are also in good supply; and for those quick meals, minute steaks are on hand. Baking hens are a good buy, as are whole fryers and fryer breasts.

accompany your chosen entrees, the bins are full of all sorts of harvest vegetables, with lots of mustard and turnip and other greens. Broccoli is a bargain, as is green cabbage."

Happy Hallowe'en! Despite all those huge plastic orange pumpkins we see on lawns and porches all along the Coast, there are many of us who don't feel that Hallowe'en is complete without a "genuine" Jack O'Lantern fresh pumpkin on

And those Jack O'Lantern from Mother Nature's own pumpkin patches can be counted upon to do "double duty" in pies or breads or soups or casseroles or candies, once their holiday appearance is

The hollowed out pumpkin shell will make an attractive serving container for soup or stew or some sort of "stuffingand-ground-meat-or-chicken combination." And, pumpkinpecan pie is a sweet and tasty way to use up that cooked pumpkin. (See the current 'Shopping Up a Storm" column for recipe.)

Don't toss away the pumpkin seeds, incidentally. Place the cleaned seeds (devoid of strings) on a cookie sheet, add just a bit of oil and shake the sheet about to coat the seeds. Sprinkle a little salt, perhaps a little pepper also over the seeds and toast in a medium-hot oven just until the seeds are lightly browned

and crispy. Use fresh, cooked pumpkin as you would any winter squash, in main dishes or side dishes and in sweets. I like to save some raw pumpkin out when I'm cooking and mashing the whole business after Hallowe'en; I bake raw slices or

Overstreet also advocated open elections prior to any city annexation; the elimination of county taxes for city residents; initiative and referendum with a 60 percent majority requirement; and a reduction in the number of county beats.

He added, "I will fight for the right to vote on abortion, laws and annexations; I will resist illegitimate welfare breeding programs; I will push for more support for the legitimate family_unit."

During the question period, Overstreet commended the closed primary system as "the best type of system."

Both county sheriff candidates advocated the need for tight drug enforcement, naming drug education as an intricate part of enforcement. Republican candidate Ray

Murphy set out four goals. "Gambling. We must control dockside gambling before it controls us. We should already have a specialized unit sent out to Las Vegas to train with the

"Drugs. We have to have a comprehensive drug enforcement policy that will not only target street level dealers, but education of children and

community. "Response time and police visibility in all, especially in rural parts of the county.

"Better management of funds. The present sheriff's office suffers from lack of efficiency, gross negligence of spending, incompetent management and ineffective law enforcement.

Murphy presented a breakdown of the sheriff's budget in which he said the department spent \$54,000 more than what was budgeted and that per person Hancock County spends. twice the amount of money as Harrison County on law

enforcement. Incumbent Democrat Ronald Peterson spoke of his experiences in law enforcement for the past 20 years and cited various drug arrests of magnitude.

Speaking of the Hancock County Metropolitan Narcotics Task Force, he declared, "Now we have a drug task force operating very effectively. At this time we have \$270,000 in a bank account drawing interest

off of drug monies seized.' Peterson named the need for better paying salaries for deputies. He said together the sheriff's office and the county will have to find additional funds to maintain and recruit quality personnel.

During the question period Peterson stated that the budgetary figures named by Murphy are incorrect. Contradicting Murphy he claimed the jail to be financially selfsufficient.

In the county supervisors' races, Beat 1 Republican candidate Pat LeFave pledged improvements in medical services, education and local job opportunities through economic development.

She said she would accomplish her goals by "listening to the needs of the people and then communicating those needs into the necessary areas for their accomplishment.

"I always hear, I can't do anything because my hands are

tied. Well, you can take this as a promise from Pat LeFave, you may try to tie my hands, but you will never shut me up."

Beat 1 incumbent Democrate Robert Peterson directed his time to specifically addressing future needs within the county.

He said economic development was the key to a better life. in Hancock County. "We need to work with the Port and Harbor Commission to locate more industry here in Hancock County. There has been a lot done, but there remains a lot more to

He advocated the need to work with existing companies to encourage growth; the need to complete the sand beach project for the protection of the roads and the resurgence of tourism in this area; and he spoke of the need for a countywide recycling program.

In the Beat 2 race for supervisor, Democratic candidate Alton "Dolph" Keller was not present. Republican candidate Russell Caldwell presented a platform strong in the promotion of recreational development for the county's children.

Caldwell equated the need to provide interests for the children with that of drug prevention. "We need more parks and playground. We need a countywide sports league whereby every child is insured access for participation."

He advocated economic development through tax incentives which would guarantee local hiring and stressed the need for existing businesses and industries to work with vo-tech programs for direction in proper training for employment.

Beat 4 Republican candidate Billy Lyons named her concern for jobs and education saying, "They go hand and hand.

"We need to develop policies that not only promote economic development, but ones that also strength our educational She briefly named drainage

and streets as a concern and pledged to promote tourism. Incumbent Democratic can-

didate Wilmer Seymour spoke on the necessity for a supervisor to have leadership and decision making ability.

"Decision making I find to be one of the hardest of things being in government," Seymour reiterated.

Beat 5 Republican candidate Johnny Gryner said his first priority would be "for economic development and job creation."

He addressed the need for paved streets saying, "We should have access to our property, modern street, paved streets...This you will see will raise the property value...This

will be tax revenue, increased." Gryner added that he supported the rebuilding of the beaches, "and we need motels on the beach. We are losing tourist dollars."

Democratic incumbent Mike Ladner spoke on the need for a supervisor to face complex issues, citing the re-negotiating of wetland designations presently being lobbied for in Washington, D.C. by Port and Harbor Commission director Harold "Buz" Olsen.

Ladner advocated no tax increases; the consolidation of education for quality improvement and less expense; pollution control protection by present and new industrial developments; the hard surfacing of 220 miles of roads and drainage

Republican county chancery clerk candidate Gerald Spotorno Jr. was not present. chancery clerk to be versatile. The Republican District attorney candidate, Harold Grissom presented a platform which advocated strict adher-

The incumbent Democratic district attorney Cono Caranna spoke of his record in office citing cases of convictions.

"With repeat offenders," Car-anna said, "I have as good of a record as anyone."

Caranna explained how dismissals are given on minor charges in order to secure sentencing on the more violent crimes.

He defended his record saying, "We tried more cases in a comparable 14 month period, twice as many cases, three times as many of these people go to the penitentiary. What does that mean? That means when we plea bargain with them, they go to the penitenti-

ary, not back to the house."
The forum was sponsored by the Hancock County Chamber of Commerce.

Another forum will be held at St. Rose School cafeteria on Necaise in Bay St. Louis tomorrow night. The Friday night forum is sponsored by the local NAACP and Concerned Citizen of Hancock County Organization.

BY TRACI BONNEY

The 9th grade and 7th/8th grade Tiger football teams finished their seasons last week in games against the Long Beach

The 9th graders lost 22-6 in a match to decide the conference championship. Coach Rocky Gaudin said, "The defense was unable to contain Long Beach tailback Avery Taylor, who scored all three touchdowns and two 2-point conversions." Xayier Lewis scored the

Tigers' only TD.
The 9th grade Tigers end their regular season with a 6-2 overall and 4-1 conference record as runners-up to Long Beach, and will play as host team to the Mullet Bowl Thurs-

day, Nov. 14 versus Picayune. The 7th/8th grade team also finished second in its conference behind an undefeated Pearl River Central squad. The junior Tigers defeated Long Beach 21-12 to capture the conference spot.

The Tigers' offense was led by the running of Danny Farrell and Wali Shabazz, and the blocking of Donnie Ray and Kendrick Laneaux. The defense included Ray, Shabazz, Farrell, M.J. Krankey, James Benton, Terran Tillman and J.T.

The 7th/8th grade team finished its season 5-3 overall and 5-1 for the conference.

The 8th graders will join the 9th graders in the Mullet Bowl game against Picayune. Tentatively set to face off in the 7th/8th grade game are Boyette Junior High of Slidell, La., and D'Iberville Junior High.

The 7th/8th grade game is scheduled to start at 5 p.m., with the 9th grade game following at 7 p.m.

Since it is a proven fact that fish feed by smell as well as sight, the greater the distanceyou can project the smell of your bait the better chance you have of bringing fish to your hook.

The reports that I have received this week seem to indicate that 6- to 8-pound test line is too light a line to be used for this week's "tackle buster."

In fact, the best results, if you want to land these heavyhitting fish, is to use at least 12-pound test line on a medium action rod. However, the most

One boat reported some sheephead and drum were caught by the wooden fenders of the R.R. bridge in Bay St. Louis.

Overall, the best news from the water this past week is that the supply of nice shrimp and good eatin' oysters is still plentiful. So why not "chow down yall."

Tigers seek playoff slot

BY RANDY PONDER

The Bay High Tigers should be highly motivated when they visit Poplarville Friday night to battle for a District 8 Class 3 A playoff spot.

Our win over Perry Central was the most exciting game since I've been here," Tiger coach Rocky Gaudin stated.

Bay High defeated Perry Central 13-12 in overtime for homecoming. Several starters were either out, or were playing at less than 100% capacity.

The win improved the Tigers' record to 4-4 overall and an impressive 4-1 in district play. Marcel Whavers was named

offensive player of the week with four pass receptions for 70 yards. His second quarter reception set up a touchdown just before halftime. Brenan Compretta is defen-

sive player of the week, leading the team with 17 tackles, five solos and 12 assists. The ability of the defense to hold Perry Central to one TD in

regulation play, and stopping their two-point conversion attempt proved to be the difference in the game.

Perry Central scored first in the overtime period on a fourth down and eight play. Again, the defense stuffed a two-point try.

The defense was led by Jeff Hopgood, who also kicked the winning point following the Tigers' overtime score. Brenan-Compretta, Kris Roberts, L.C. Curry, Jamie Kingston and Miguel Smith round out the defense.

Gaudin said the Tigers were led in rushing by Adrian Whavers, while Marcel Whavers was leading receiver.

Quarterback Sam Shepard continues to improve as the leader of the offensive unit, said

The Tiger coach was also happy with the blocking of Jimmy Strong, Hopgood, Scott

Fisher, Mark Murray, Smith and Chad Straham.

"To win in Poplarville will requiré us to get everyone healthy and ready to play," Gaudin said of this week's opponent. "It will take a great effort and maybe a little luck."

"Poplarville is a very experienced and talented team, led by an all-senior backfield. They are very tough on defense. Their kicking game is solid. We don't plan to do anything different; just work hard and have a sound game plan, and go up there and be ready to play," Gaudin concluded.

Game time is 7:30 p.m.

Wetland comment period extended

The initial 60-day comment 20460. period on the proposed revisions to the "Federal Manual for Identifying and Delineating Jurisdictional Wetlands (1989 Manual)" has been extended an additional 60 days to Dec. 14. The proposed revisions were published in the Aug. 14, 1991, 'Federal Register."

The extension comes as a result of numerous requests for more time, and out of a concern that the public be given adequate opportunity to submit their: written comments to the federal government. The initial comment period was to have expired Oct. 16.

Written comments on the proposed manual should be submitted for receipt no later than Dec. 14 to: Gregory Peck, Chief, Wetlands and Aquatic Resources Branch, Mail Code (A-104F), U. S. Environmental Protection Agency, 401 M. Street, SW, Washington, D.C.

Until the revisions are final, the U.S. Army Corps of Engineers is applying the 1987 Corps of Engineers Wetlands Delineation Manual to identify and delineate wetlands potentially subject to regulation under Section 404 of the Clean Water Act.

The transition from the 1989 Manual to the 1987 Manual was directed in part by the 1992 Energy and Water Develop-

Emerald Coast Gymnastics adds to programs

Emerald Coast Gymnastics Club in Long Beach announced the addition of Charlie and Pamela Pond of Diamondhead to their present coaching staff.

Charlie Pond is a former U.S. Olympic coach. He coached 12 boys and girls in preparation for the Olympics and in international elite teams. He is a retired gymnastics coach from the University of Illinois where his teams won 11 consecutive big ten gymnastics team titles as well as four N.C.A.A, national team titles.

Pond will train instructors to be employed by the Emerald Coast Gymnastics Academy. He will teach tumbling and cheerleading, He will act as a consultant to owner, Berinda Logan of Pass Christian. He will serve as an assistant to Terry Kruchowski, the Emerald Coast Gymnastics girls' team head coach.

Pamela Pond is a former member of the British National team and former comptroller of . the Utah Academy of Gymnastics. She has been appointed as manager of the Emerald Coast Gymnastics Academy and will act as consultant to all programs including the tumblerbears program for children, ages 1-4 years.

Pamela Pond will assist in the training of the instructors for the cheerleading program, using the new Bongee Acro-Spring training program.

This program will be featured at a demonstration event at the open house from 9:30 a.m. to 1:30 p.m., Saturday, Nov. 2, at the Emerald Coast Gymnastics Club in Long Beach.

The open house will have demonstrations and information and will feature tumbling, cheerleading, the Acro-Bongee System of Gymnastics, the "famous" cross pad drill and the tumblebear program:

Exhibitions will be given every hour during open house. For more information call the Emerald Coast Gym at 864-7664.

The Emerald Coast Gym is looking for more instructors for employment. Instructors will be trained for the above

Commission considers closing commercial king mackerel season

The state Commission on Wildlife, Fisheries and Parks voted expressing its intent toclose commercial king mackerel fishing in Mississippi.

The action came on the recommendation of Bureau of Marine Resource biologists, after federal officials closed commercial king mackerel season in federal waters Sept. 29.

"We're asking the commission to close these waters to be consistent with federal laws,' said Scott Gordon, BMR fishe-

The commission's action expresses only an intent to pass the regulation. The measure will be filed with the Secretary of State's Office where it will await public comment for 30 days before it goes back to the commission for final adoption.

If the measure is finally approved by the commission, it will be effective Jan. 1, 1992. The season will reopen June 30,

Green benefit set Saturday

Friends of Patrick Daniel able Gary Bennett from Pear-Green are holding a benefit on lington, Poochie Irvin and Saturday to help him recover Lump-Lump. losses from an October 7 fire which destroyed his house trailer and all possessions.

The benefit will be at Kenny Ray Ladner's stables on Lower

Bay Road from 10 a.m. until. Featured will be music by Keith Hoda and the County Sounds at 1 p.m., with special guest appearances by B.J. Johnson, PeeWee Maddox and others.

WWL photography director offers workshop at Crosby Library

The Picayune Friends of the Library are offering a special workshop, "Bring Your Camera or Your Questions," on Saturday, Nov. 9 in the Cultural Room of the Mar-garet Reed Crosby Memorial

William Casanova will lead the sessions beginning at 10 a.m. and concluding at 3 p.m. lunch break is scheduled from noon to 1 p.m., and participants who desire may bring a sack lunch.

The workshop will be divided into two parts. The morning will deal with using the 35 mm still camera, and the afternoon will deal with using a home

Casanova intends to show workshop participants how to make the best possible use of their own equipment. He also plans to bring some of his professional equipment for comparison with participant's

nome equipment.
